Spread Your Company's Word

A flat-rate regulatory wire service.

Step right up to our premier global provider of
news and communications platforms,
and effortlessly send your company's press releases
to targeted stakeholders and financial markets.

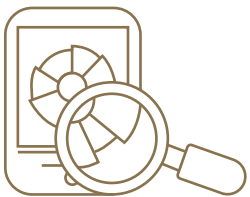

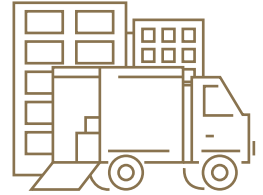

Target

Accesswire empowers you to reach audiences beyond the traditional media houses, financial portals and local outlets. Easily add registered investment advisors, registered banks and brokers, institutions, CFAs, retail shareholders interested in specific industries, bloggers and the investor network community using regional, national and global parameters.

Distribute

Experience full editorial review, including editors available 24/7, and online account management, featuring dedicated account managers. Our user-friendly interface allows you to distribute your release from any device, anytime.

Analyze

The analysis tracker gives your company the data necessary to refine your message and create a dynamic relationship with your target audiences.

Save Money

Accesswire is the only flat-fee news distribution network on the market. The flat fee includes unlimited words, embedded videos, images and links, saving you time and money.

**Experience premier news distribution services.
