# ISSUERDIRECT ®

## WEB DESIGNER

**Corporate: Research Triangle Park/Morrisville, North Carolina, USA**

500 Perimeter Park Drive Suite D, Morrisville, NC 27560

**Job Title:** Web Designer
Department: IT/Development
Status: Full-time

## About Us:

Issuer Direct (NYSE: ISDR) is a global industry-leading communications and compliance platform company focusing on the needs of corporate issuers. Issuer Direct has offices in the UK, Canada and multiple locations across the US, but is headquartered in Research Triangle Park, NC.  Issuer Direct serves more than 2,600 public and private companies in more than 18 countries.

Over the years, Issuer Direct has grown to be one of the largest complete-platform plays for the public company marketplace. Along the way, it has garnered numerous awards, including being named a Deloitte Fast 500 twice.

We are excited to be recruiting for a highly skilled, passionate, and team-oriented individual to join the fun, fast-paced atmosphere we offer at Issuer Direct.

We're looking for an innovative, organized, and detail-oriented Web Designer to join our dynamic team.  As an experienced Web Designer, you will be responsible for putting your creativity to work by designing and building the interface and aesthetics for our clients and webpages.  You will be able to put your outstanding experience to work by maintaining and enhancing webpages and working closely with multiple departments and management members. We look forward to meeting you!

## A Day in the Life:

- Plan site design consistent with company goals.
- Daily production of HTML emails, landing pages, and digital messaging.
- Make recommendations to optimize and streamline HTML templates and libraries.
- Create and update web pages using HTML and CSS best practices.
- Manage online content and make recommendations of how to improve production processes or optimize code.
- Provide internal support throughout the build and launch process of the websites.
- Remain abreast of the latest standards, changes, trends in visual design field.
- Employ industry and design best practice through website build process.

## About You:

### Knowledge, Skills & Abilities

- Proficiency in PC/Internet technologies and a fundamental understanding of HTML/CSS concepts
- Experience with JavaScript, Angular and PHP

- Engage and partner with clients and internal partners as required
- Prefer working in a collaborative, team-based environment
- Excellent oral and written communication skills
- Self-driven
- Excellent time management and organizational skills
- Advanced technical/business skills
- Ability to prioritize and leverage resources successfully
- Ability to constantly troubleshoot and problem solve resourcefully

## Education & Experience

- BA/BS degree or equivalent work experience
- 2-3 years' experience in creative content design experience, preferably within a web development environment

## Perks & Benefits:

- 100% company paid medical coverage, with optional dental & vision benefits
- 100% company paid Short-Term Disability, Long-Term Disability, and Life Insurance
- 100% company paid Telemedicine
- Employee Assistance Program & Health Advocate available for all employees
- Flexible Spending Account (FSA) & Health Savings Account (HSA)
- Company discounts on social & entertainment
- 401(k) with match
- Generous and flexible PTO policy & Holiday Pay
